

Concrete in Northern Virginia, Maryland and Washington, D.C.

Nova Concrete Construction, Inc. employs hands on professionals with the knowledge and experience that will assure your concrete project of being a complete success anywhere in Virginia, Maryland or DC. Examples of Concrete work completed upon request includes

- Concrete Curb and Gutters
- Concrete Drainage Ditches
- Concrete Driveways
- Concrete Foundations
- Concrete Garage Slabs

- Concrete Patios

- Concrete Steps
- Concrete Walls

Nova Concrete is a full service provider to include consulting, engineering, project plan designs and permitting if required. You can trust Nova Concrete Construction, Inc. of being well informed and up to date on standard construction best practices pertaining to specifications and installation techniques that will assure your concrete structure to perform as expected.

Nova Concrete partners with several Virginia, Maryland and DC Concrete Suppliers, as they do not manufacture their own concrete. Concrete testing services are also provided if required by the specifications or upon request by Certified Laboratories. All Concrete work comes with a workmanship guarantee-assuring your total satisfaction and return on investment.

Please call (703)774-2662 TODAY or email at nalves@novaconcrete.com for a price proposal on your project. You can also use the submit a project page under BIDS on the main menu.
