

Site Development in Northern Virginia, Maryland and Washington, D.C.

Nova Concrete Construction, Inc. has partnered with Independent Home Builders throughout the Washington DC, Northern Virginia and Maryland area in providing its services in developing sites and homes for sale. Nova concrete has a vested interest in continuing to partner with home builders who require the following services and attention to detail in construction:

- Bio-Retention Ponds
- Brick Facades
- Community Centers

- Courts - Basketball and Tennis
- Drainage Improvements

- Driveways - Concrete and Asphalt

- Fireplaces
- Foundations - Concrete
- Garages

- Poolhouses
- Sidewalks - Concrete and Asphalt
- Slabs

- Stone Facades
- Walkways
- Utility Installations - Sanitary and Water Services

Above and below you have a few photographs of a cultured stone facade being installed on guest quarters / pool house in Mclean, Virginia.

Below you have a stone facade on a residence just built

Contact Nova Concrete Construction, Inc. at (703) 774-2662 or email nalves@novaconcrete.com for an in depth discussion on how partnering can help us grow together. We are committed to safe and quality work provided our partners in full compliance of a defined sub-contract agreement. We have many years experience in partnering and have learnt the ins and outs over the years.
